The mailing date for this proxy statement, along with the proxy form and 10-K annual report, is on or about January 12, 2018.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At the Company's annual meeting, stockholders will act upon the matters outlined in the accompanying notice of meeting, including the election of directors and the ratification of the Company's independent registered public accounting firm. In addition, the Company's management will report on the performance of the Company during fiscal year 2017 and respond to questions from stockholders.

Who is entitled to vote?

Stockholders of record at the close of business on the record date, December 26, 2017, are entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. Each outstanding share entitles its holder to cast one vote on each matter to be voted upon. If your shares are held in "street name" in a brokerage account or by a bank or other holder of record, you are considered the beneficial owner of those shares. As a beneficial owner, you may direct your broker or other holder of record on how to vote your owned shares by following their instructions.

Who can attend the meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the meeting.

Please note that if you hold your shares in "street name" (that is, through a broker, bank or other nominee), you will need to bring a copy of a brokerage statement or similar document or record reflecting your stock ownership as of the record date and check in at the registration desk at the meeting.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum, permitting the transaction of business at the meeting. As of the record date, 17,114,603 shares of common stock of the Company were outstanding. Proxies received but marked as abstentions, votes withheld and broker non-votes will be counted for purposes of determining if a quorum is present at the meeting.

How do I vote?

You may vote your shares held of record either by attending the meeting and voting in person or by proxy. For vote counting purposes, we encourage you to mail your proxy in advance of the meeting, even if you plan to attend in person. To vote in person, you must attend the meeting and bring your proxy card, as received from the Company or from your brokerage house. You do not need to register in advance to attend the meeting. If you choose to vote by proxy, you must complete and properly sign the accompanying proxy card and return it to the Company in the enclosed postage prepaid envelope. If you vote by mail and your proxy card is received in time for voting and not revoked, it will be voted in accordance with your instructions. If no instructions are indicated, the shares represented by the proxy card will be voted by the proxy holders:

- **FOR** the election of the director nominees named herein;
- **FOR** the ratification of the appointment of RSM US LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2018; and
- **IN** accordance with the judgment of the proxy holders named on the proxy card as to any other matter that is properly brought before the meeting, or any adjournments or postponements thereof.

"Street name" stockholders who wish to vote at the meeting will need to make arrangements with their broker, bank or other nominee in advance of the meeting to vote their shares in person.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What vote is required to approve each item?

Election of directors. Directors shall be elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. A properly executed proxy marked "WITHHOLD AUTHORITY" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Accordingly, a "WITHHOLD AUTHORITY" will have the effect of a negative vote.

Ratification of independent registered public accounting firm. The affirmative vote of a majority of the shares cast at the meeting is required to ratify the appointment of RSM US LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2018. A properly executed proxy marked "ABSTAIN" with respect to this matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have no effect on the outcome of this matter.

If you hold your shares in "street name" through a broker, bank or other nominee, your broker, bank or nominee will not be permitted to exercise voting discretion with respect to the election of directors. Thus, if you do not give your broker or nominee specific instructions, your shares will not be voted on this proposal and will not be counted in determining the number of shares necessary for approval of this proposal. Shares represented by such "broker non-votes" will, however, be counted in determining whether there is a quorum.

The Chairman and Audit Committee Chairman are paid additional annual cash retainers of \$20,000 and \$10,000, respectively, in recognition of the added responsibility associated with these positions. Our directors also receive reimbursement of out-of-pocket expenses incurred in attending Board and committee meetings.

Directors' Compensation For Fiscal Year Ended September 30, 2017

Assumptions used in the calculation of these amounts are included in footnote 10 to our audited financial statements for the fiscal year ended September 30, 2017 included in our Annual Report on Form 10-K filed with the SEC on December 20, 2017.

(2) For the director compensation year beginning February 2017, the six non-employee directors were asked to specify whether they wished to receive the equity portion of their director compensation and any equity portion of the electable 50% of their compensation in common stock grants or stock options. Mr. Fox chose to receive both the equity and electable components of his director compensation as options to purchase stock, which were issued on February 1, 2017 with an exercise price of \$1.80 per share, 33% above the grant date market price of \$1.35 per share, with a three year term, all of which options were fully vested at the time of the grant. Mr. Kronfeld elected to take the entire electable amount of his compensation in quarterly stock grants. The quarterly stock grants for the director compensation year beginning February 2017 were made on January 3, 2017 at the grant date closing market price of \$1.28, on April 3, 2017 at the grant date closing market price of \$1.26, on July 3, 2017 at the grant date closing market price of \$1.23, and on October 2, 2017 at the grant date closing market price of \$1.25 per share.

Twenty-five percent (25%) of this option will vest on February 1, 2017 and an additional 3.125% of the option vests each month thereafter. As of December 26, 2017, 8,568 shares of this option were vested.

CORPORATE GOVERNANCE

Director Independence

The Board has determined that all directors and nominees for director, other than Mr. Sulick and Mr. Leonard, are independent under the Nasdaq and SEC rules, based on information known to the Company and on the annual questionnaire completed by each director.

Board Leadership Structure

The Company has historically had different persons serving in the offices of Chairman of the Board and Chief Executive Officer, although it has no formal policy requiring that structure. As Mr. Sulick is currently serving both of these roles, Dr. Hagan serves as Lead Director. The responsibilities of the lead director include setting the Board's agenda in collaboration with the Chief Executive Officer, providing guidance to the Chief Executive Officer, acting as a regular communication channel between the Board and Chief Executive Officer, presiding over executive sessions of the Board to review the Company's performance and management effectiveness, coordinating the activities of non-employee directors, reviewing the activities and effectiveness of the Board committees, and evaluating the need for any changes. The Board believes that having a separate Chairman or lead director allows the Chief Executive Officer to focus principally on managing the Company, which adds value to the Company's senior management team and operating business units, enhances Board involvement and communications among the non-employee directors, and ensures consistent Board leadership during any Chief Executive Officer transition.

Board's Role in Risk Oversight

The Company's business involves many operational and financial risks, which management and the Board seek to mitigate through careful planning and execution. Assessing and managing risk is primarily the responsibility of the Company's management. However, the Board of Directors has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board of Directors provides oversight by receiving reports from management in Board meetings and conference calls, as well as through periodic management reports. These include reports on the market environment and strategic situation, customer sales results and forecasts, availability of raw materials and components, product development, liquidity, and overall financial performance and forecasts. Board members have the opportunity to provide input and direction to management on managing risks on a current basis, either directly or through the Lead Director or Chairman. In order to ensure that longer term risks are also considered in a timely and consistent matter, each year the full Board reviews and approves a budget that is used by management throughout the year. The Chairman oversees the Company's business activities, including its management of operational risks, between meetings of the Board. The Audit Committee has responsibility for overseeing the Company's internal financial and accounting controls. As such, the Audit Committee regularly discusses with management and the Company's independent registered public accounting firm the Company's major financial and controls-related risk exposures and the steps that management has taken to monitor and control such exposures. The Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Company believes that Board leadership by an independent lead director or chairman enhances the Board's ability to oversee the Company's operational and financial risks.

Board Meetings

During the fiscal year ended September 30, 2017, the Board of Directors held a total of eight meetings. Mr. Dunham, Dr. Hagan, Mr. Fox, Mr. Leonard, Mr. Levine and Mr. Sulick attended all fiscal year 2017 meetings. Mr. Kronfeld was excused from one meeting. The Board regularly holds sessions at which only non-employee directors are present, including a portion of each quarterly meeting. All Board members are expected to attend the annual meeting of stockholders, subject to special circumstances. All of the Board members attended the annual meeting of stockholders on February 23, 2017.

Committees of the Board

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee, all the members of which are independent, as defined by Securities and Exchange Commission rules and Nasdaq listing standards, as applicable. As Mr. Leonard was an employee of the Company until January 31, 2016, he is not considered independent under these guidelines and does not serve on any Board

committees. Additionally, due to the participation of three of the directors in the financing of Xcede Technologies, Inc. ("Xcede"), the three independent directors who are not investors in Xcede, Mr. Dunham, Mr. Levine and Mr. Kronfeld were appointed to an Independent Xcede Committee, which is charged with independently representing the Company's interests in any decisions involving the financing of Xcede. In addition to the meetings described below, the members of each committee communicate regularly amongst themselves and with management on Company matters.

Each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee operates under a written charter that is available on the Company's web site: <http://www.dynasil.com/investors/corporate-governance/board-committees/>.

Compensation Committee. The current members of the Compensation Committee are Dr. Hagan, Mr. Kronfeld and Mr. Levine, with Dr. Hagan serving as the Chairman. The Compensation Committee is responsible for negotiating and approving salaries and employment agreements for the named executive officers of the Company. Current compensation practices are outlined in the Director Compensation and Executive Compensation sections of this proxy statement. There were four Compensation Committee meetings in fiscal year 2017 and each of the committee members attended all of those meetings.

Generally all executive officer and director compensation programs of the Company are subject to the review and approval of the Compensation Committee, which also reviews and determines the base salary and incentive compensation of the named executive officers. The Chief Executive Officer provides a compensation recommendation for each named executive officer (other than himself), which the Compensation Committee considers in making its decisions. Compensation decisions are made throughout the year as circumstances warrant. All compensation actions taken by the Compensation Committee are reported to the full Board of Directors, and certain actions are subject to the approval of the Board, excluding management directors. The Compensation Committee has previously used a compensation consultant to provide comparable market data as well as compensation advice in setting executive and director compensation and policies. The Compensation Committee also reviews and makes recommendations to the Board on director compensation and equity awards.

The Compensation Committee is composed of outside directors who are not officers or employees of the Company. The Board has determined that these directors are all independent under applicable Nasdaq and SEC rules.

Audit Committee. The current members of the Audit Committee are Mr. Levine, Mr. Dunham and Mr. Fox, with Mr. Levine serving as both Chairman and Audit Committee Financial Expert. The Audit Committee is responsible for reviewing reports of the Company's financial results, audits, internal controls, and adherence to its Code of Conduct, compliance with federal procurement and other laws and regulations, and other matters. The Audit Committee recommends to the Board of Directors the selection of the Company's outside auditors, reviews their procedures for ensuring their independence with respect to the services performed for the Company and approves their compensation. There were five Audit Committee meetings in fiscal year 2017 and each of the committee members attended all of those meetings.

The Audit Committee is composed of outside directors who are not officers or employees of the Company. The Board has determined that these directors are all independent under applicable Nasdaq and SEC rules.

Nominating and Corporate Governance Committee. The current members of the Nominating and Corporate Governance Committee are Mr. Fox, Mr. Dunham and Mr. Kronfeld, with Mr. Fox serving as the Chairman. Nominations for the February 22, 2018 annual stockholders meeting to which this proxy statement relates were developed by this committee and approved by the full Board on December 14, 2017. The Nominating and Corporate Governance Committee held one meeting in fiscal year 2017.

Director Nominations

The Nominating and Corporate Governance Committee is responsible for (i) identifying individuals qualified to become Board members, consistent with criteria approved by the Board, and (ii) recommending to the Board the persons to be nominated for election as directors at any meeting of stockholders and the persons to be elected by the Board to fill any vacancies on the Board. Director nominees are considered for recommendation by the Nominating and Corporate Governance Committee in accordance with the policies and principles in its charter and the criteria set forth in the Corporate Governance Guidelines, as outlined below. It is expected that the Nominating

and Corporate Governance Committee will have direct input from the Chairman of the Board, the Chief Executive Officer and, if one is appointed, the Lead Director.

Criteria for Nomination as a Director

General Criteria

1. Nominees should have a reputation for integrity, honesty and adherence to high ethical standards.
2. Nominees should have demonstrated business acumen, experience and ability to exercise sound judgments in matters that relate to the current and long-term objectives of the Company and should be willing and able to contribute positively to the decision-making process of the Company.
3. Nominees should have a commitment to understand the Company and its industry and to regularly attend and participate in meetings of the Board and its committees.

Application of Criteria to Existing Directors

In addition, the Nominating and Corporate Governance Committee shall consider the existing directors' performance on the Board and any committee, which shall include consideration of the extent to which the directors undertook continuing director education.

Criteria for Composition of the Board

The backgrounds and qualifications of the directors considered as a group should provide a significant breadth of experience, knowledge and abilities that shall assist the Board in fulfilling its responsibilities.

This evaluation is performed in light of the Committee's views as to what skill set and other characteristics would most complement those of the current directors, including the diversity (principally, of education and backgrounds), age, skills and experience of the Board as a whole.

In order to recommend a candidate for consideration by the Nominating and Corporate Governance Committee, a stockholder must provide the Committee with the candidate's name, background and relationship with the proposing stockholder, a brief statement outlining the reasons the candidate would be an effective director of the Company and information relevant to the considerations described above. Such information should be sent to the Nominating and Corporate Governance Committee of Dynasil Corporation of America, 313 Washington Street, Suite 403, Newton, MA 02458; Attn: Corporate Secretary. The Nominating and Corporate Governance Committee may seek further information from or about the candidate, or the stockholder making the recommendation, including information about all business and other relationships between the candidate and the stockholder.

Executive Officer Compensatory Arrangements

Peter Sulick

The Board has determined that as long as Mr. Peter Sulick is employed as the Company's Chief Executive Officer and President, his annual compensation will include both a cash and a stock component. All compensatory stock awards granted to Mr. Sulick shall be issued from the Company's 2010 Stock Incentive Plan.

Additionally, Mr. Sulick's compensation includes the annual opportunity to earn a performance bonus payable in cash based on the achievement of quarterly performance goals and the Board of Directors' periodic qualitative assessment of the Company's progress on its strategic objectives. Cash bonus amounts are payable quarterly. Actual amounts payable to Mr. Sulick in each quarter will be determined by the extent to which the target performance goals are met or exceeded.

For fiscal year 2017, at Mr. Sulick's recommendation, and with the Board's approval, Mr. Sulick's compensation was reduced to a base cash salary of \$275,000 and of quarterly stock awards of 16,250 shares each.

Mr. Sulick's bonus opportunity in fiscal year 2017 was also reduced. His target cash bonus was set at \$18,750 per quarter or \$75,000 per year. For fiscal year 2017, this target bonus was dependent on the achievement of quarterly target cash bonus performance criteria. If performance had exceeded target goals by specified amounts, this cash bonus opportunity increased to \$25,313 per quarter or \$101,250 per year.

At Mr. Sulick's recommendation, the Board of Directors temporarily suspended the stock component of Mr. Sulick's bonus, which consisted of 20,000 shares per quarter, for an aggregate of 80,000 shares per year, depending on the achievement of quarterly stock bonus performance criteria. The Board and Mr. Sulick will re-evaluate this decision at a later point in the year.

For his fiscal year 2017 performance bonus, Mr. Sulick earned a total of \$54,563 in cash, of which \$34,313 was paid to him during the fiscal year, the remainder paid subsequent to the filing of Company's Annual Report on Form 10-K on December 20, 2017.

For fiscal year 2018, the Board of Directors approved a return to the compensation level Mr. Sulick received in fiscal year 2016, with an annual base cash salary of \$310,500 and a stock compensation component of quarterly stock awards of 20,000 shares each. His cash performance bonus opportunity was also returned to the 2016 level, with his target cash bonus set at \$19,406 per quarter or \$77,625 per year, dependent on the achievement of quarterly target cash bonus performance criteria. If performance exceeds target goals by specified amounts, this cash bonus opportunity increases to \$26,198 per quarter or \$104,794 per year. At Mr. Sulick's recommendation, the stock component of his bonus remains suspended.

Robert Bowdring

Mr. Bowdring served as the Company's Corporate Controller until he assumed the role of Chief Financial Officer on February 1, 2016. During his first year in the position, Mr. Bowdring's annual base cash salary was \$185,000 and he was eligible to earn a cash performance bonus of up to twenty-five (25%) percent of his base salary. Additionally, on February 1, 2016, Mr. Bowdring was granted a time-vested restricted stock award of 60,000 shares of the Company's stock. The shares in this grant vest in three equal annual increments, beginning with the grant date, provided that he is employed with the Company continuously through the applicable vesting date.

For his fiscal year 2016 performance bonus, Mr. Bowdring earned a total \$32,058, which was paid to him in cash subsequent to the end of the fiscal year.

Beginning on February 1, 2017, Mr. Bowdring's annual base cash salary was raised to \$190,550, with a cash bonus opportunity of up to twenty-five (25%) percent of his base salary.
